

SBI Gram Seva Project

The SBI Gram Seva Project started in August 2025 with the vision of fostering growth, prosperity, and self-reliance among rural communities in alignment with the national vision of Gram Swaraj.

Implemented in five villages of Palasi Block, Araria District, the program directly reaches 1,586 households, offering comprehensive support across multiple thematic areas. The initiative focuses on strengthening Child Protection and Education, improving Health & WASH, enhancing Livelihoods and Skill Development, empowering women-led groups, and promoting sustainable Natural Resource Management.
